Caveats:

Detention period: All statistics related to number of persons detained include the total number of persons in detention at any time during the reporting period. Therefore, the number may include individuals whose detention began before the reporting period and/or who were released during (or after) the reporting period.

Active Refugee Claimants : This report only includes the detainees who have a refugee protection claim with a pending decision while detained. The clients for which a refugee claim has been finalized prior to the detention initiation are not included.

Duplicate counts of the same person: The summary rows at the end of this report must be used to identify the actual number of detainees within the report period. It is not possible to add up the count of each year to determine the total number of detainees as the detention period of one person can overlap from month to month included in this report. **Therefore the total for each element in the detailed report may be higher than the total number of persons detained in the summary row, which is the actual number of persons detained.**

PRRA status of in Progress: a PRRA process has been initiated and the decision recorded is not one from the 'Not Eligible' category is a concluded process. It represents the PRRA status has no current decision recorded.
